

# FACT SHEET for Student Exchange

Faculty of Medicine

Academic Year 2024/2025

MEDIZINISCHE FAKULTÄT  
DER UNIVERSITÄT DUISBURG-ESSEN

<b>University</b>	University of Duisburg-Essen, Faculty of Medicine Erasmus code: D ESSEN04
<b>Academic Calender</b>	Winter term: 01.10. - 31.03. each year, Lecture period: 07.10.2024 - 31.01.2025  Summer term: 01.04. - 30.09. each year, Lecture period: 07.04.2025 - 18.07.2025
<b>Nomination Deadlines, Procedure (Studies and Traineeship Exchange)</b>	01 May for the following winter term (October - March) or for the whole Academic Year (October - September)  01 November for the following summer term (April - September)  By email to: <a href="mailto:exchange.incoming@uni-due.de">exchange.incoming@uni-due.de</a>
<b>Application Deadlines (Studies and Traineeship Exchange)</b>	UDE contacts students after the nomination deadline with further information and link to online application form  01 Juni for the following winter term (October - March) or for the whole Academic Year (October - September)  01 December for the following summer term (April - September)  <a href="https://www.uni-due.de/international/exchange_students.php">https://www.uni-due.de/international/exchange_students.php</a>
<b>German Language Requirements</b>	All lessons, examinations and communication are conducted only in German. B1 minimum (certified) for all incoming students  German language skills must be proven by an official language certificate like Goethe-Zertifikat, Deutsches Sprachdiplom der Kultusministerkonferenz, Telc, TestDaF or a German language certificate from the official language centre of the home university
<b>Study Plan</b>	1. Students can select and combine courses from clinical semesters 1 - 6 (except semester 4) as listed in our course catalogue. As a result, it is sometimes unavoidable that lectures overlap. We therefore strongly recommend a combination of only two semesters.  2. Students can choose clinical traineeships ("Famulaturen") with a minimum duration of 4 weeks in a clinical department.  3. Combination of 1. and 2. - "Famulaturen" are allowed with a minimum duration of 2 weeks in a clinical department, executed during lecture free period.  4. Students can choose practical year term traineeships ("PJ-Praktika") with a minimum duration of 4 weeks in a clinical department. They need to be in their final year of studies!
